- MongoDB,MySQL

UI/UX Design

- Figma

Soft Skills

- Team Work,Leadership

PROFILE

Software Engineering undergraduate with a strong foundation in software development, particularly in web technologies and project management. I have gained practical, hands-on experience through academic projects, along with additional strengths in UI/UX design and web development. I am a disciplined and motivated individual with proven skills in leadership, teamwork, and time management. I am eager to apply my technical and interpersonal skills to real-world projects and contribute innovative solutions to the tech industry.

PROJECTS

Website for clothing store (University Assignment) 2024

This was made for web application development module - created a front and a backend using HTML ,CSS ,MySQL ,PHP ,Used Xampp as the database management system.
